**DIVERGENT Energy Services Announces an Operations Update**

**Symbol (DVG: TSX-V)**

CALGARY, ALBERTA – December 10, 2020. **DIVERGENT Energy Services Corp.** (“**Divergent**”, the “**Company**”, or “**DVG**”) is pleased to announce the following update on its electric submersible pump (“**ESP**”) operations in Wyoming, USA.

Despite the negative impact of COVID-19 on the oil and gas industry generally, and a very challenging second quarter at Divergent, the Company doubled the number of ESP’s installed in Q3/20 versus Q2/20. In addition, fourth quarter ESP installations have already surpassed Q3/20, indicating that customers are responding to recovering market confidence in oil and gas pricing. The Company expects that (a) in the near-term, monthly ESP installations could be at or near its pre-COVID pace of work and (b) revenues on a per job basis will remain negatively affected until overall industry activity improves.

Divergent, through its wholly owned subsidiary Extreme Pump Solutions LLC, continues to expand its client base and deliver its recognized brand of safe, reliable and repeatable service.

Ken Berg, President and CEO, commented “The resilience, dedication, and loyalty of our staff has led the Company through a time of unprecedented volatility, with the Extreme team in Gillette demonstrating an unwavering ability to deliver top quality services to our clients.”
