

PRESS RELEASE

DIVERGENT Energy Services Corp. Announces Operations Update
Symbol (DVG: TSX-V)

CALGARY, ALBERTA – February 8, 2018. **DIVERGENT Energy Services Corp. ("DIVERGENT" or the "Corporation")** is pleased to provide the following operations update.

TECHNICAL ADVISORY COMMITTEE (the "Committee")

The Committee was established by the Board of Directors of Divergent to provide expertise and advice. The objectives of the Committee are to: (i) evaluate the Corporation's existing artificial lift technologies for competitiveness, marketability and effectiveness; (ii) inform the Board of new/upcoming technological advancements in artificial lift; (iii) evaluate new artificial lift technologies; and iv) make recommendations to the Board regarding the aforementioned matters.

The Corporation is pleased to announce the following Committee members:

Tommy Vineyard President of Vineyard Consulting, specializing in pumping technology equipment. Mr. Vineyard has held senior and executive positions at Elite Multiphase Solutions LLC, Halliburton Energy, Global Oilfield Services, Borets Weatherford USA Inc. and WoodGroup.

Marcel Obrejanu President and founder of Premium Artificial Lift Systems Ltd., Star Oil Tools Inc., Fluica Inc. and Dynamic Oil Tools Inc. specializing in production operations, completions and production optimization. Mr. Obrejanu holds 52 patents and patent applications related to oil well tools and pumps.

LINEAR ELECTROMAGNETIC SUBMERSIBLE PUMP (the "Linear Pump")

Prior to any installation, an improvement to the design of the pump has been recommended by a member of the Committee and will be incorporated into the fabrication and assembly of the pump. That modification is underway and further updates on the progress of an installation will be provided as they become available.

The renewal of the exclusivity contract with the overseas supplier of the motor is still under discussion and updates will be provided as they become available.

CONVENTIONAL ELECTRIC SUBMERSIBLE PUMP ("ESP") OPERATIONS

The Corporation is pleased to announce that its Wyoming-based ESP operations had a strong fourth quarter and that the major contract awarded in October 2017 contributed to improved quarterly performance as compared to the three previous quarters. The overall industry sentiment for 2018 remains positive and our sales team is

focused on gaining market share from both new and existing clients within Wyoming, Colorado, and Montana – specifically from those clients who are oil producers.

ABOUT DIVERGENT ENERGY SERVICES CORP.

Headquartered in Calgary, Alberta, DIVERGENT Energy Services Corp. provides cost effective, innovative technologies and solutions for submersible pumping to benefit our stakeholders. DIVERGENT is committed to increasing client's production while reducing operating costs and carbon footprint.
