

MANAGEMENT INFORMATION CIRCULAR
Dated May 14, 2021

SOLICITATION OF PROXIES AND PERSONS MAKING THE SOLICITATION

This management information circular (this "**Circular**") is furnished in connection with the solicitation of proxies by the management of Divergent Energy Services Corp. (the "**Corporation**") for use at the annual and special meeting (the "**Meeting**") of holders (the "**Shareholders**") of common shares (the "**Shares**") in the capital of the Corporation to be held on Tuesday, June 15, 2021 at 3:00 p.m. MDT at 715 – 5th Avenue SW, Calgary, Alberta in the Conference Room on the Main Floor.

The record date for the purpose of determining holders of Shares is May 7, 2021 (the "**Record Date**"). Shareholders of record on the Record Date are entitled to receive notice of and attend the Meeting and vote their Shares, except to the extent that a registered Shareholder has transferred the ownership of any Shares subsequent to the Record Date and the transferee of those Shares produces properly endorsed Share certificates, or otherwise establishes that they own the Shares and demand, not later than 10 calendar days before the Meeting, that their name be included on the Shareholder list, in which case the transferee will be entitled to vote their Shares at the Meeting.

This solicitation of proxies is made on behalf of management. The Corporation will bear the costs incurred in the preparation and mailing of the Meeting materials. In addition to mailing forms of proxy, proxies may be solicited by personal interviews, email, telephone or by other means of communication, by directors, officers and employees of the Corporation who will not be remunerated for their services. Arrangements will also be made with clearing agencies, brokerage houses and other financial intermediaries, custodians, nominees and fiduciaries to forward proxy solicitation material to the beneficial owners of Shares pursuant to the requirements of National Instrument 54-101 *Communication with Beneficial Owners of Securities of a Reporting Issuer* ("**NI 54-101**"). The cost of any such solicitation will be borne by the Corporation.

Amid ongoing concerns about the Coronavirus (COVID-19) outbreak, Divergent currently intends on holding an in-person shareholder meeting of registered Shareholders or duly appointed proxyholders only (with non-registered Shareholders (i.e. beneficial Shareholders) encouraged to vote by proxy instead). See "*Notice to Beneficial Holders of Shares*" below. However, Divergent will continue to monitor provincial and federal governmental guidance regarding COVID-19 to assess and implement measures to reduce the risk of spreading the virus at the Meeting, which may include potentially adjourning, postponing or changing the format of the Meeting. Divergent will provide updates regarding any changes in respect of the Meeting by way of news release. Shareholders are encouraged to monitor Divergent's SEDAR profile at www.sedar.com, where copies of such news releases, if any, will be posted.

In order to protect the health and safety of Shareholders and the broader community, only registered Shareholders (as defined below) or their duly appointed proxy holders will be permitted to attend the Meeting. Divergent strongly encourages Shareholders to vote by proxy in advance of the Meeting and to not attend the Meeting in person. Non-registered Shareholders (i.e. beneficial Shareholders) are strongly encouraged to vote by proxy instead by completing the voting instruction forms received from their broker/intermediary/agent as soon as possible and to follow the instructions under "*Notice to Beneficial Holders of Shares*" below.

If any registered Shareholder or proxy holder does wish to attend the Meeting in person, they must contact Divergent at kberg@divergentenergyservices.com in order for arrangements to be made that comply with all Provincial and Federal recommendations, directives, regulations and orders related to the COVID-19 pandemic. Registered Shareholders or proxy holders who do not register in advance will not be permitted entrance to the Meeting. Physical distancing will be enforced at the Meeting and no person who is experiencing any symptoms of COVID-19, including fever, cough or difficulty breathing, will be permitted to attend the Meeting in person. Furthermore, all Meeting

participants will be asked to wear a suitable facemask and anyone who is not a registered Shareholder or duly appointed proxy holder will not be permitted entry. **Please note that there will be strict limitations on the number of persons permitted entry to the Meeting to ensure proper social distancing, due to provincial regulations in force at the time of the Meeting, and therefore Divergent cannot guarantee that all registered Shareholders or duly appointed proxy holders wishing to attend the Meeting in person will be guaranteed entry.**

Divergent may take additional precautionary measures in relation to the Meeting as necessary. As the COVID-19 pandemic is a rapidly evolving situation, Divergent will continue to monitor and review Provincial and Federal governmental guidance in order to assess and implement measures to reduce the risk of spreading the virus at the Meeting, which may include adjourning, postponing or changing the format of the Meeting. Divergent will provide updates to any arrangements in respect of the Meeting by way of news release. Shareholders are encouraged to monitor Divergent's SEDAR profile at www.sedar.com, where copies of such news releases, if any, will be posted.

APPOINTMENT AND REVOCATION OF PROXIES AND EXERCISE OF DISCRETION

The persons named in the enclosed form of proxy are officers and/or directors of the Corporation. As a Shareholder, you have the right to appoint a person, who need not be a Shareholder, to represent you at the Meeting. To exercise this right, you should insert the name of your representative in the blank space provided on the form of proxy and strike out the other names or submit another appropriate proxy. The form of proxy should be dated and executed by the Shareholder or an attorney, authorized in writing and with proof of the authorization attached. A form of proxy may be revoked by a registered Shareholder personally attending at the Meeting and voting their Shares in person.

A form of proxy will not be valid for the Meeting or any adjournment unless it is completed and delivered to Computershare Trust Company of Canada ("**Computershare**"), Proxy Department, by mail at 135 West Beaver Creek, P.O. Box 300, Richmond Hill, Ontario, Canada L4B 4R5, or by hand at 8th Floor, 100 University Avenue, Toronto, Ontario, not later than 48 hours (excluding Saturdays, Sundays and holidays) before the time for holding the Meeting, or any adjournment thereof. You may also send your form of proxy by fax or vote your Shares by telephone or internet pursuant to the instructions contained in the form of proxy.

The Shares represented by a Shareholder's proxy will be voted or withheld from voting in accordance with the instructions of the Shareholder on any ballot that may be called for and, if the Shareholder specifies a choice with respect to any matter to be acted upon, the Shares will be voted accordingly.

In the absence of such specification, such Shares will be voted FOR the matters to be acted upon as set out herein. The persons appointed under the form of proxy furnished by the Corporation are conferred with discretionary authority with respect to amendments to or variations of those matters specified in the form of proxy and notice of Meeting and with respect to any other matters which may properly be brought before the Meeting. In the event that amendments to or variations of matters identified in the notice of Meeting or any other matters are properly brought before the Meeting, it is the intention of the persons designated in the form of proxy to vote in accordance with their best judgment on such matter. At the time of printing this Circular, management of the Corporation knows of no such amendment, variation or other matter.

A Shareholder may revoke its proxy at any time prior to a vote. In addition to revocation in any other manner permitted by law, a proxy may be revoked by depositing an instrument in writing executed by the Shareholder or by its authorized attorney in writing, or, if the Shareholder is a company, under its corporate seal by an officer or attorney duly authorized, either at the registered office of the Corporation which is located at Suite 1600, 333 – 7th Avenue SW, Calgary, Alberta, T2P 2Z1 or with Computershare, at any time up to and including the last business day preceding the date of the Meeting, or any adjournment at which the proxy is to be used, or with the Chair of the Meeting on the day of the Meeting, or any adjournment thereof. Any revocation made or delivered at the Meeting or any adjournment thereof shall be valid only with respect to matters not yet dealt with at the time such revocation is received by the Chair of the Meeting or the Scrutineer of the Meeting.

NOTICE TO BENEFICIAL HOLDERS OF SHARES

The information set forth in this section is of significant importance to many Shareholders as a substantial number of the Shareholders do not hold their Shares in their own names. Shareholders who do not hold their Shares in their own names (referred to herein as "**Beneficial Shareholders**") should note that only forms of proxy deposited by Shareholders whose names appear on the records of the Corporation as the registered holders of Shares can be recognized and acted upon at the Meeting. If Shares are listed in an account statement provided to a Shareholder by a broker, intermediary or agent, then in almost all cases those Shares will not be registered in the Beneficial Shareholder's name on the records of the Corporation. Such Shares will more likely be registered under the name of the Beneficial Shareholder's broker or an agent of that broker. In Canada, the vast majority of such Shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms). Shares held by brokers or their nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, the brokers/nominees are prohibited from voting Shares for their clients. The Corporation does not know for whose benefit the Shares registered in the name of CDS & Co. are held.

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of securityholders' meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders in order to ensure that their Shares are voted at the Meeting. Often, the form of proxy supplied to a Beneficial Shareholder by its broker is identical to the form of proxy provided to registered Shareholders; however, its purpose is limited to instructing the registered Shareholder how to vote on behalf of the Beneficial Shareholder. The majority of brokers delegate responsibility for obtaining voting instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**"). Broadridge typically mails a voting instruction form ("**VIF**") in lieu of the form of proxy. Beneficial Shareholders are requested to complete and return the VIF to Broadridge by mail or facsimile. Alternatively, Beneficial Shareholders can call a toll-free telephone number or access Broadridge's dedicated voting website (each as noted on the VIF) to deliver their voting instructions and vote the Shares held by them. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Shares to be represented at the Meeting. A Beneficial Shareholder receiving a VIF cannot use it to vote Shares directly at the Meeting. The VIF must be returned as directed by Broadridge well in advance of the Meeting in order to have the Shares voted. Beneficial Shareholders who receive forms of proxy or voting materials from organizations other than Broadridge should complete and return such forms of proxy or voting materials in accordance with the instructions on such materials in order to properly vote their Shares at the Meeting. **Beneficial Shareholders should follow the instructions on the forms that they receive and contact their intermediaries promptly if they need assistance.**

Beneficial Shareholders who wish to appear in person and vote at the Meeting must appoint themselves as proxy by inserting their name in the blank space on the form of proxy or VIF provided to them and return same to their broker (or the broker's agent) in accordance with the instructions provided by such broker.

Beneficial Shareholders who have not objected to their intermediary disclosing certain ownership information about themselves to the Corporation are referred to as non-objecting beneficial owners or "**NOBOs**". Those Beneficial Shareholders who have objected to their intermediary disclosing ownership information about themselves to the Corporation are referred to as objecting beneficial owners or "**OBOs**".

The Corporation intends to send the Meeting materials directly to NOBOs under NI 54-101.

The Corporation intends to pay for intermediaries to forward the Meeting materials to OBOs under NI 54-101.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Shares registered in the name of his or her broker (or an agent of the broker), a Beneficial Shareholder who wishes to attend the Meeting and indirectly vote its Shares as proxyholder for the registered Shareholder should enter its own name in the blank space on the proxy form or VIF provided to it and return the same to its broker (or the broker's agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.

All references to Shareholders in this Circular, the form of proxy and the notice of Meeting are to registered Shareholders unless specifically stated otherwise.

NOTICE-AND-ACCESS

The Corporation is not electing to use the "notice-and-access" provisions under NI 54-101 for the Meeting in respect of the mailing of the Meeting materials to Shareholders.

REQUEST FOR FINANCIAL STATEMENTS

National Instrument 51-102 *Continuous Disclosure Obligations* sets out the procedures for a Shareholder to receive financial statements. If you wish to receive financial statements, you may use the enclosed form or provide instructions to the Corporation at its head office in any other written format.

QUORUM

Pursuant to the by-laws of the Corporation, a quorum for the transaction of any business at the Meeting shall be at least two persons present in person, each being a Shareholder entitled to vote thereat or a duly appointed proxy or representative for an absent Shareholder so entitled and representing in the aggregate not less than 10% of the outstanding Shares. Pursuant to the *Business Corporations Act (Alberta)* (the "ABCA") and the by-laws of the Corporation, if a quorum is present at the opening of the Meeting, the Shareholders present may proceed with the business of the Meeting notwithstanding that a quorum is not present throughout the Meeting.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The Corporation is authorized to issue an unlimited number of Shares and an unlimited number of preferred shares, issuable in series. As at the Record Date, there were 33,004,912 Shares and nil preferred shares issued and outstanding. Each Shareholder present in person or represented by proxy (and entitled to vote) at the Meeting is entitled to one vote for each Share held on all matters to be considered and acted upon at the Meeting.

To the knowledge of the directors and the executive officers of the Corporation, as at the Record Date, no person or company beneficially owned, directly or indirectly, or exercised control or direction over, voting securities carrying more than 10% of the voting rights attached to the Shares other than the persons and the amounts (to the knowledge of the directors and executive officers of the Corporation) as set out below:

Name of Shareholder	Number of Common Shares Beneficially Owned, or over which Control or Direction is Exercised, Directly or Indirectly	Percentage of Common Shares Beneficially Owned, or over which Control or Direction is Exercised, Directly or Indirectly
Murray Cobbe	4,964,348	15.04%
Don Luft	5,056,502	15.32%

PARTICULARS OF MATTERS TO BE ACTED UPON AT THE MEETING

To the knowledge of the board of directors of the Corporation (the "**Board**"), the only matters to be placed before the Meeting are those matters set forth in the accompanying notice of Meeting relating to: (i) the receipt of the annual audited financial statements of the Corporation as at and for the financial year ended December 31, 2020; (ii) fixing the number of directors to be elected at the Meeting and the election of directors until the next annual meeting of Shareholders; (iii) the appointment of auditors; and (iv) the re-approval of the Corporation's incentive stock option plan as required by the TSX Venture Exchange (the "**TSXV**") on an annual basis.

I. Presentation of Financial Statements

The Board has approved the audited financial statements of the Corporation as at and for the year ended December 31, 2020 and the reports of the auditors thereon. The audited financial statements have been mailed to all registered Shareholders and to the Beneficial Shareholders who responded to the Corporation's request card. No formal action

will, or is required to be, taken in respect of the financial statements at the Meeting. The audited financial statements, the auditor's report thereon together with MD&A for the financial year ended December 31, 2020 are available on the System for Electronic Document Analysis and Retrieval ("SEDAR") under the Corporation's profile at www.sedar.com and copies will be available at the Meeting.

II. Fixing the Number of Directors and Election of Directors

The Articles of the Corporation provide that the minimum number of directors shall be three and the maximum number shall be 12. There are currently six directors, all of whom are elected annually and whose term of office will expire at the Meeting. At the Meeting, Shareholders will be asked to fix the number of directors at six and to elect six directors to serve until the next annual meeting of Shareholders, or until their respective successors have been elected or appointed. **Unless otherwise directed, the Shares represented by proxy in favour of management designees will be voted FOR the fixing of the number of directors at six and FOR the election of nominees herein listed.**

Please refer to “*Disclosure of Corporate Governance Practices – Nomination of Directors*” for further information regarding the nomination and election of directors.

Management has no reason to believe that any of such nominees will be unable to serve as directors; however, if, for any reason, one or more of the proposed nominees do not stand for election or are unable to serve as directors, the management designees named in the enclosed form of proxy intend to vote for another nominee or other nominees, as the case may be, in their discretion, unless the Shareholder has specified in its form of proxy that its Shares are to be withheld from voting on the election of directors.

The following table sets forth the nominees, their positions with the Corporation, their principal occupations and five-year occupational history (where applicable), periods during which they have served as directors and the number of Shares beneficially owned, directly or indirectly, by each of them, or over which they exercise control or direction. Cease Trade Orders

To the knowledge of the Corporation's management, except as set forth below, no proposed director is, as at the date of this Circular, or has been, within 10 years before the date of this Circular, a director, chief executive officer or chief financial officer of any company (including the Corporation) that:

(a) was subject to: (i) a cease trade order; (ii) an order similar to a cease trade order; or (iii) an order that denied the relevant company access to any exemption under securities legislation, that was in effect for a period of more than 30 consecutive days (collectively, an "**Order**") that was issued while the proposed director was acting in the capacity as director, chief executive officer or chief financial officer; or

(b) was subject to an Order that was issued after the proposed director ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer or chief financial officer.

The Corporation was subject to a failure-to-file cease trade order issued by the Alberta Securities Commission ("**ASC**") on May 6, 2019 as a result of a delay in filing its 2018 year-end audited financial statements and MD&A. A similar order was issued by the British Columbia Securities Commission ("**BCSC**"). The delay resulted from consideration by the Corporation of accounting adjustments related to the wind-up of the Corporation's Mexican subsidiary, Cdn Oilfield Technologies and Solutions, S. de R.L. de C.V., which was dissolved in Q1 2018 and correction of prior year errors in the calculation of Accumulated Other Comprehensive Income. The 2018 year-end audited financial statements and MD&A were filed in December 2019 and on March 26, 2020, the ASC and BCSC each revoked their respective cease trade orders and on April 14, 2020, the Corporation's Shares were re-instated for trading on the TSXV.

On April 25, 2013, a cease trade order was issued against the Corporation by the ASC prohibiting all trading or purchasing of its securities. On May 17, 2013, a cease trade order was issued against the Corporation by the BCSC prohibiting all trading or purchasing of its securities. Mr. Berg and Mr. Bagan were directors of the Corporation at the time the cease trade orders were issued. The cease trade orders were issued on the basis that the Corporation's financial reports for the interim periods ended March 31, 2012, June 30, 2012 and September 30, 2012 were not prepared in accordance with Alberta securities laws. On October 31, 2013, the Corporation re-filed its financial reports for the interim periods ended March 31, 2012, June 30, 2012 and September 30, 2012 and made applications to the ASC and BCSC to have their respective cease trade orders revoked. On December 3, 2013, the ASC and BCSC each revoked their respective cease trade orders and on December 9, 2013, the Corporation's Shares were re-instated for trading on the TSXV.

Bankruptcies

To the knowledge of the Corporation's management, no proposed director is, as at the date of this Circular, or has been, within 10 years before the date of this Circular, a director or executive officer of any company (including the Corporation) that, while the proposed director was acting in that capacity, or within a year of the proposed director ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets.

Personal Bankruptcies

To the knowledge of the Corporation's management, no proposed director has, within 10 years before the date of this Circular, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of such proposed director.

Penalties and Sanctions

To the knowledge of the Corporation's management, no proposed director has been subject to:

(a) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority; or

(b) any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable securityholder in deciding whether to vote for a proposed director,

other than a settlement agreement entered into before December 31, 2000 that would likely not be important to a reasonable securityholder in deciding whether to vote for a proposed director.

III. Appointment of the Auditors

MNP LLP, Chartered Professional Accountants, of Calgary, Alberta are the current auditors of the Corporation. MNP LLP have acted as auditors of the Corporation since January 13, 2020. At the Meeting, Shareholders will be asked to re-appoint MNP LLP, Chartered Professional Accountants as the independent auditors of the Corporation to hold office until the close of the next annual meeting of the Shareholders or until they are removed from office or resign, and to authorize the Board to fix the auditor's remuneration.

Unless otherwise directed, the persons named in the enclosed form of proxy intend to vote FOR the appointment of MNP LLP, Chartered Professional Accountants, of Calgary, Alberta, as auditors of the Corporation and to authorize the directors to fix their remuneration.

IV. Approval of the Corporation's Incentive Stock Option Plan

In accordance with TSXV policies, the Corporation is proposing to re-approve its existing 10% rolling stock option plan (the "**Plan**"), attached hereto as Schedule "A". The purpose of the Plan is to provide directors, officers, employees and consultants of the Corporation or its subsidiaries, or any other individual or body corporate who may be granted an Option (as defined below) pursuant to the requirements of the TSXV (the "**Participants**"), with an opportunity to purchase Shares and benefit from the appreciation thereof. This proprietary interest in the Corporation is anticipated to provide an increased incentive for the Participants to contribute to the future success and prosperity of the Corporation, thus enhancing the value of the Shares for the benefit of all the Shareholders and increasing the ability of the Corporation and its subsidiaries to attract and retain individuals of exceptional skill. **The material terms of the Plan are described below.** The Plan is currently the Corporation's only securities-based compensation arrangement pursuant to which securities may be issued from treasury of the Corporation.

The number of authorized but unissued Shares that may be issued upon the exercise of options (the "**Options**") granted under the Plan at any time plus the number of Shares reserved for issue under all other security based compensation arrangements, including outstanding Options otherwise granted by the Corporation, shall not exceed 10% of the number of issued and outstanding Shares on a non-diluted basis.

Under the Plan, unless disinterested Shareholder approval is obtained, the number of Shares that may be reserved for issue to any one person under Options or other security based compensation arrangements granted in any 12-month period shall not exceed 5% of the outstanding Shares determined at the date of grant. The number of Shares that may be reserved for issue to any one person under Options granted in any twelve month period shall not exceed 2% of the issued and outstanding Shares in the case of an Optionee (as defined in the Plan) who is a consultant. The number of Shares which may be granted to all persons who perform investor relations activities for the Corporation shall not exceed 2% of the issued and outstanding Shares. The Board is authorized to determine the price per Share and the number of Shares that may be allotted to each director, officer, employee and consultant and all other terms and conditions of the Options, subject to the terms of the Plan and the rules of the TSXV. Notwithstanding the foregoing, the price per Share set by the Board shall not be below the "**Market Price**" of the Shares on the TSXV on the business day immediately preceding the grant date and is subject to minimum pricing restrictions set by the TSXV.

The Plan provides that if an Option expires or terminates without having been exercised in full, the Shares not purchased become available again for granting under the Plan. Options granted under the Plan may be exercisable for a period of up to 5 years, and may vest at such times as determined by the Board at the time of grant, subject to acceleration in accordance with the terms of the Plan. Notwithstanding the foregoing, in the event the expiration date for an Option occurs during a Blackout Period (as defined in the Plan) or within 10 business days after the expiry of

a Blackout Period applicable to the relevant Optionee, the expiration date for such Option shall be the date that is the tenth business day after the expiry date of the Blackout Period. The exercise price must be paid in full on any exercise of Options.

Further, if an Optionee ceases to hold their position with the Corporation for any reason other than death, their Options may be exercised within the earlier of the expiry date and 90 days following the date the Optionee ceases to be in that role, but only to the extent the Optionee was entitled to exercise the Option at the date of such cessation. In the event of death of an Optionee, their Options may be exercised within the earlier of the expiry date and one year after their death and only to the extent the Optionee was entitled to exercise the Options at the date of death. Options granted pursuant to the Plan may not be transferred or assigned.

The Shareholders of the Corporation will be asked to consider and if thought fit, approve an ordinary resolution authorizing the continuance of the Plan. The text of the ordinary resolution which management intends to place before the Meeting for approval, confirmation and adoption, with or without modification, is as follows:

"BE IT RESOLVED AS AN ORDINARY RESOLUTION THAT:

- (a) The stock option plan (the "**Plan**") of Divergent Energy Services Corp. (the "**Corporation**"), substantially in the form attached as Schedule "A" to the management information circular of the Corporation dated May 14, 2021 be and is hereby approved, ratified and confirmed.
- (b) The form of the Plan may be amended in order to satisfy the requirements or requests of any regulatory authorities, or at the discretion of the board of directors of the Corporation (the "**Board**") acting in the best interests of the Corporation without requiring further approval of the shareholders of the Corporation.
- (c) All issued and outstanding stock options previously granted, including stock options previously granted pursuant to previous stock option plans, be and are continued and are hereby ratified, confirmed and approved.
- (d) The shareholders of the Corporation hereby expressly authorize the Board to revoke this resolution before it is acted upon without requiring further approval of the Shareholders in that regard.
- (e) Any one (or more) director(s) or officer(s) of the Corporation be and is hereby authorized and directed, on behalf of the Corporation, to take all necessary steps and proceedings and to execute, deliver and file any and all documents (whether under corporate seal of the Corporation or otherwise) that may be necessary or desirable to give effect to this resolution."

The foregoing resolution must be passed by a simple majority of the votes cast by Shareholders who vote on the resolution at the Meeting. **It is the intention of the management designees, if named as proxy, to vote FOR the foregoing resolution, unless otherwise directed in the form of proxy.**

Mr. Bagan has held a number of executive positions and has been a member of management teams responsible for establishing and implementing compensation programs and strategies for companies and has also been a director and member of the compensation committees of publicly traded companies. Mr. Bury has held a number of director and executive officer positions, including managing director and chief financial officer, with international public and private oil and gas companies. Accordingly, as a result of this collective experience, the HR and Compensation Committee has knowledge of typical day-to-day responsibilities and challenges faced by the Corporation's management team, the role of the HR and Compensation Committee and Board in reviewing the executive compensation of a reporting issuer, and first-hand knowledge regarding executive compensation policies and practices (in the publicly traded energy services sector), all of which are beneficial to the HR and Compensation Committee in the context of its review of the Corporation's compensation policies and practices.

Compensation Discussion and Analysis

Design and Objectives

The Corporation's program of executive compensation is designed to provide incentives for the enhancement of Shareholder value, the successful implementation of the Corporation's business plan and improvement in corporate and personal performance. The program is based on a pay-for-performance philosophy and consists of three components: base salary, annual cash bonus incentives and long-term equity-based incentives.

The overall objectives of the program are to:

1. attract and retain qualified executives critical to the Corporation's success;
2. provide fair and competitive compensation;
3. integrate compensation with the Corporation's business plan;
4. align the interests of management with those of Shareholders; and
5. reward both business and individual performance.

The Corporation currently does not actively benchmark executive compensation against any formal peer group as it has been determined there are currently no Canadian publicly traded companies of a comparable size to the Corporation that could reasonably be considered as peers. However, the Corporation intends to continue monitoring this matter and in the coming year will look into the availability of relevant industry compensation surveys and consider using the expertise of a compensation consultant for assistance, as appropriate. The Corporation currently retains the flexibility to determine compensation for each executive officer on an individual basis. Furthermore, the HR and Compensation Committee annually reviews and recommends approval to the Board on the compensation packages, including salary level, bonus potential and entitlement and participation in long-term equity-based incentives, and the performance of all executive officers, including the Chief Executive Officer.

Unless otherwise specified, all references to currency in this Circular are in Canadian dollars.

Base Salary

The base salary of each executive is reviewed annually by the HR and Compensation Committee and determined by an assessment of the executive's duties and responsibilities. As with all other elements of compensation, the Chief Executive Officer makes recommendations to the HR and Compensation Committee with respect to the salary levels for all executive officers except himself. The HR and Compensation Committee, in its discretion, considers the salary for the Chief Executive Officer. The HR and Compensation Committee then makes recommendations to the Board based on available general economic and labour market information (*i.e.*, cost of living, public/private sector salary data) for the markets in which the Corporation operates. In its recommendations to the Board, the HR and Compensation Committee also considers the particular skills and experience of the executive.

Short-Term Incentive Plan

For the fiscal years ending December 31, 2018 and 2019, Divergent used a short-term incentive plan ("STIP") approved by the Board as recommended by its HR and Compensation Committee for its executive officers based on a number of quantitative financial-based metrics.

In early 2020, management and the Board of Divergent prioritized the matters related to obtaining resumption of trading of the Common Shares on the TSX Venture Exchange, which was followed shortly afterwards by the severe disruptions to Divergent's business caused by the COVID-19 pandemic and the period of extremely low commodity prices and the related impacts on Divergent's customers. Divergent took several measures in early 2020 to react to the drastically changed business environment, including senior executive staff taking a salary reduction and the Board of Directors waiving the current payment of fees.

Based on such extraordinary circumstances, the HR and Compensation Committee did not adopt any quantitative bonus criteria for its Named Executive Officers for fiscal 2020. Accordingly, the awarding of any bonuses for 2020 would have been discretionary in nature, if recommended by the HR and Compensation Committee and ultimately if approved by the Board of Directors and based on a subjective determination of the Corporation's performance. In consideration of the successful financial restructuring of the Corporation's balance sheet and in recognition of the Executive's successful navigation of the economic conditions of COVID-19 during 2020 and the Corporation's ability to exit 2020 in a strong financial position, the Board of Directors awarded a discretionary bonus to the Executive Chairman, President and CEO, and the CFO of \$60,000, \$49,500 and \$40,500 respectively. The bonus is to be paid in the future when sufficient cash is available with such sufficiency to be determined by the Board of Directors.

Long Term Incentive Plan – Stock Option Plan

The Corporation has implemented the Plan as an integral component of its compensation arrangement for directors and officers of the Corporation. A description of the Plan can be found under "*PARTICULARS OF MATTERS TO BE ACTED UPON AT THE MEETING – IV. Approval of the Corporation's Incentive Stock Option Plan*" in this Circular. The Board has implemented a general policy under which the Corporation typically grants Options only on an annual basis in conjunction with the consideration and approval of its year-end financial statements but may consider exceptions from time-to-time for new hires and employee promotions.

The Corporation believes that participation by its directors and officers in the Plan aligns their interests with those of the Shareholders, as the directors and officers are rewarded for the Corporation's performance as evidenced by share price appreciation. As a result of the vesting period for issued Options (normally over a three-year period, with expiry date 5 (five) years from the grant date), participation in the Plan focuses the directors and officers on the long-term appreciation of the Corporation's share price.

In determining the number of new Options to be granted, the number and terms of stock options previously granted, position responsibilities and functions, individual performance and projected contribution are considered. Proposals for grants under the Plan are reviewed and considered by the HR and Compensation Committee and recommended to the Board for final approval.

Perquisites and Personal Benefits

Perquisites and personal benefits provided to Named Executive Officers (as defined under “Summary Compensation Table” below) reflect competitive practices and particular business needs. They are not a significant component of the Corporation's executive compensation program.

Risk-Adjusted Compensation

Risk Oversight

The combination of short term and long term incentive plans in the Corporation's compensation program ensures that a significant portion of each Named Executive Officer's compensation is at risk annually. The balance between the short term and long term incentive plans aligns the Named Executive Officer's interests with both the short and long term interests of the Shareholders and the Corporation's business strategy. It is, however, important to ensure that the Corporation's incentive plans do not result in a Named Executive Officer taking actions that expose the Corporation to inappropriate or excessive risks or which would conflict with the Corporation's short term and long term interests. The Corporation believes that its compensation policies and practices have been structured to ensure that they do not encourage a Named Executive Officer to expose the Corporation to inappropriate or excessive risks.

Key components of the management of this risk include:

- All Named Executive Officers are compensated based on similar and/or complementary goals and objectives as approved by the Board.
- Incentives are balanced between short term incentives and long term incentives which vest over time.
- Short term incentive programs for all Named Executive Officers, while having different attributes, are subject to the same fundamental characteristics: payable only on the achievement of specified goals and objectives which have been defined at the beginning of a financial year.
- All short term incentive programs have clearly specified payout limits.

As a result of the steps taken to consider and mitigate the risks associated with the Corporation's compensation policies and practices, the Corporation has not identified any risks from such policies and practices which would be reasonably likely to have a material adverse effect on the Corporation.

Financial Instruments

The Corporation does not have a specific policy that would prohibit a Named Executive Officer or director from purchasing financial instruments, including prepaid variable forward contracts, equity swaps, collars or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the Named Executive Officer or director, other than general provisions in the Corporation's insider trading policy which prohibit directors and officers from short-selling and buying put options in respect of the Corporation's securities. Management and the Board are not aware of any Named Executive Officer or director purchasing such instruments.

Review/Modifications

The Corporation's executive compensation program is reviewed and considered at least annually by the HR and Compensation Committee (with recommendations to the Board as appropriate) to determine if the objectives of the executive compensation program are being achieved and whether any modifications to that program are required. This includes a review of base salaries payable, and entitlement and participation in short-term and long-term incentive plans for all senior executives. It also includes a review of the metrics used to assess performance, the targets established with respect to those performance metrics, whether previously established targets have been achieved and to what degree, and whether the performance metrics and targets are still appropriate in light of the stock market and general economic conditions. The HR and Compensation Committee (with recommendations to the Board) considers the establishment of new performance metrics and related targets to be used to assess executive officer performance and determines executive officer compensation on a go-forward basis. In completing this review, the HR and Compensation Committee considers the recommendations of the Chief Executive Officer in particular. Upon

completion of that review, the HR and Compensation Committee makes recommendations to the Board to approve the executive compensation program, including the individual components thereof, subject to any modifications it deems necessary.

From time to time adjustments to the Corporation's executive compensation program may be necessary to respond to changing market conditions. As market conditions, and therefore the short-term focus of the Corporation, are dynamic, the Board and management of the Corporation recognize that the Corporation's executive compensation program must remain flexible so as to respond to changing market conditions and the possible need to modify, add or delete performance metrics used so as to keep the Corporation's executive officers appropriately incentivized and focused on the long-term interests of the Corporation.

Summary Compensation Table

Form 51-102F6 *Statement of Executive Compensation*, defines "**Named Executive Officers**" as the CEO, the CFO and each of the Corporation's three most highly compensated executive officers (or the three most highly compensated individuals acting in a similar capacity) other than the CEO and CFO, whose total compensation was, individually, more than \$150,000, and each individual who would be a Named Executive Officer but for the fact that the individual was neither an executive officer of the Corporation, nor acting in a similar capacity, at the end of the most recently completed financial year. For the financial year ended December 31, 2020, the Corporation had three Named Executive Officers: Cameron Barton (Executive Chairman), Ken Berg (President and CEO) and Lance Mierendorf (CFO). Effective February 1, 2020, Lance Mierendorf was appointed Interim CFO and replaced Scott Hamilton. In April 2021, Mr. Mierendorf resigned as Interim CFO and the Corporate Governance and Nominating Committee initiated a process to review candidates in order to select a new CFO for the Corporation.

No options were granted during 2020.

DISCLOSURE OF CORPORATE GOVERNANCE PRACTICES

General

In accordance with the requirements of National Instrument 58-101 *Disclosure of Corporate Governance Practices*, the Corporation is required to give full and complete disclosure of its corporate governance practices. The Board and senior management of the Corporation regards good corporate governance as fundamental to the effective and efficient operation of the Corporation. The information in this Section is given as of the date of the Circular.

The Board has delegated primary responsibility for the development of certain governance practices and mechanisms to the Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee's charter provides that the responsibilities of such committee include: (i) establishing and reviewing member characteristics for the Board; (ii) evaluating, identifying and recommending nominees to the Board; (iii) monitoring and reviewing the education and development of members of the Board; (iv) recommending directors to serve as committee members and chairs; (v) reviewing and developing corporate governance guidelines, policies and procedures for the Board; (vi) establishing and implementing evaluation processes for the Board; (vii) reviewing disclosure by the Corporation of matters within the committee's mandate; and (viii) reviewing and evaluating the committee's charter and efficacy.

The Board has devoted significant attention and resources to reviewing the Corporation's corporate governance practices and ensuring that the Corporation's system of corporate governance will meet applicable regulatory

requirements on an ongoing basis. The Board adopted its Terms of Reference and a number of policies, including insider trading, disclosure and media and whistleblower policies, to assist the Corporation in maintaining a high standard of corporate governance. With input from the relevant committees, the Board also adopted the charters for its committees: the Audit Committee, the HR and Compensation Committee, the Corporate Governance and Nominating Committee and the Health, Safety and Environment Committee.

The Board and the Corporation have adopted Corporate Governance Guidelines (which set out the responsibilities of the Board as a whole, the structure of the Board, the responsibilities of directors and other matters related to the operations of the Board) and a Code of Conduct (which is applicable to all directors, officers, employees and consultants of the Corporation).

The Lead Director of the Board works to ensure that the Board operates independently of management and that Board members have an independent leadership contact. The Executive Chairman manages the affairs of the Board, with a view to ensuring that the Board functions effectively and meets its obligations and responsibilities. As the Board consists of a majority of independent directors, each of whom has experience in, and an understanding of the role and responsibilities of acting as a director, the independent directors believe that they collectively provide active and appropriate leadership amongst themselves with respect to stewardship of the Corporation.

Set out below is a description of certain corporate governance practices of the Corporation.

Board of Directors

The Board facilitates its exercise of independent supervision over the Corporation's management through regular meetings of the Board with members of the Corporation's management in attendance. The Executive Chair of the Board and chairs of each of the committees of the Board regularly communicate with and oversee management's progress on key strategic, financial and operational matters and report further to the other independent directors between meetings, if necessary. The Board regularly holds "in camera" sessions for independent directors during each Board meeting and most committee meetings to facilitate open and candid discussion amongst the independent directors. The independent directors may also schedule separate meetings as they see fit without members of management and non-independent directors present.

The Board currently consists of six directors, being Ken Bagan, Ken Berg, Robert Riecken, Cameron Barton, Donald Luft, and Geoff Bury. Ken Berg is not considered independent pursuant to NI 52-110 by virtue of his position as President and CEO of the Corporation. Cameron Barton is not considered independent pursuant to NI 52-110 by virtue of his position as Executive Chairman of the Board. The other four directors are considered independent pursuant to NI 52-110.

The Corporation and the Board recognize the significant commitment involved in being a member of the Board. The Corporate Governance Guidelines set out rules regarding limitations on the number of boards of other publicly traded companies on which a director may serve and the minimum number of Board meetings to be held annually by the Corporation.

The Board is responsible for considering and approving long-term strategic plans and operating budgets as recommended by management. The Board's consideration and approval is also required on any material contracts and business transactions, as well as all debt and equity financings. The Board encourages each of its directors to fully participate in meetings, to consult with other directors on any matters, to form a special *ad hoc* committee if required to investigate a matter in more detail and to seek legal advice on any matters concerning the Corporation, the cost of which is to be borne by the Corporation.

The Board delegates to management responsibility for meeting defined corporate objectives, implementing approved strategic and operating plans, carrying on the business of the Corporation in the ordinary course, evaluating new business opportunities and challenges, recruiting people and meeting all legal and regulatory requirements of the business.

Directorships

Currently, none of the directors serve on the board of directors of other reporting issuers in Canada (or the equivalent in a foreign jurisdiction).

Position Descriptions

The Board has developed formal written position descriptions for the Executive Chair of the Board, President and Chief Executive Officer and committee chairs. The Executive Chair and President and Chief Executive Officer, together with other senior management, are responsible for ensuring that the corporate objectives, developed annually with the Board, are met in order to enhance Shareholder value. The Lead Director provides independent leadership to the Board and facilitates the functioning of the Board independently of the Corporation's management and maintains and enhances the quality of the Corporation's corporate governance practices. The committee chairs ensure that committee charters are adhered to and mandates are executed and that they are communicating in a timely and effective manner to the Board. Full position descriptions are available on the Company's website.

Orientation and Continuing Education

Each director (new and existing) on the Board is/has been provided with a director's manual, which is reviewed by the Board at least annually and updated on a regular basis, as necessary. All directors are expected to review and be familiar with its contents. The director's manual contains the Board Terms of Reference, committee charters, Corporate Governance Guidelines, the Code of Conduct, position descriptions, other key corporate policies and relevant corporate and Board information.

The Board ensures that a new member is provided access to senior management to discuss the current business strategy, encourages new members to meet individually with the Chair and other directors to discuss historical information, and provides access to corporate records and historical meeting minutes as necessary.

Requests for continuing education are considered by the Corporate Governance and Nominating Committee and recommended to the Board for approval. The Corporation currently provides each director an allowance of up to \$2,000 per year per director to pay for relevant and appropriate director continuing education opportunities. During the year, several directors independently participated in various industry and professional continuing education opportunities.

In March 2021, the Board held a formal strategic session to consider and discuss strategic issues, the competitive environment, enterprise risks as well as short term and long term goals. The Board is committed to continuing to identify and take advantage of opportunities to increase directors' knowledge and understanding of the Corporation's business and to hold a strategic session at least annually.

The Board is briefed regularly on corporate governance developments, with assistance from the Corporation's legal counsel and other third party consultants.

Ethical Business Conduct

The Board has adopted a Code of Conduct (the "**Code**"), which has been filed on the Corporation's SEDAR profile at www.sedar.com, which sets out the purpose, scope and application of the Code and outlines general principles by which the Corporation is governed. The Code and the method of administering the Code, handling inquiries and complaints, investigating violations, and reporting to the Board on matters related to the Code has been communicated to directors, officers, employees and consultants.

The Board and the Audit Committee have established a Whistleblower Policy to encourage employees, consultants, officers and directors to raise concerns regarding any matters, including accounting, internal controls or auditing matters, on a confidential basis free from discrimination, retaliation or harassment. A report on the status of any matters arising from the Whistleblower Policy is given at each meeting of the Audit Committee by the Chair of the Audit Committee.

In addition, in order to ensure independent judgment in considering transactions/agreements in which a director/officer has a material interest, all related party transactions are approved by the independent directors and all payments under related party transactions are approved by the Audit Committee.

Nomination of Directors

The responsibility for identifying new candidates for Board nomination has been delegated to the Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee is comprised of Mr. Bagan as Chair, Mr. Luft and Mr. Barton, the first two of whom are independent directors. If a vacancy occurs on the Board, or if additional members are deemed necessary, the Corporate Governance and Nominating Committee will, in consultation with the Executive Chairman of the Board and the President and Chief Executive Officer, develop a skills matrix and identify candidates who satisfy the skills and characteristics criteria and the long-term plan for Board composition as established by such committee. The Corporate Governance and Nominating Committee will conduct due diligence on a potential candidate and if appropriate, will recommend such candidate to the Board for appointment.

In 2020, as part of its annual Board self assessment, the Corporate Governance and Nominating Committee conducted a process whereby each director's experience and background was reviewed and information regarding potential additional skills and experience considered important to the Corporation at its current size and stage of development were assessed. As recommended by the Corporate Governance and Nominating Committee, the Board determined that a Board consisting of six members was appropriate at that time.

Compensation

The HR and Compensation Committee consists of Mr. Riecken as Chair, Mr. Bagan and Mr. Bury, all of whom are independent directors within the meaning of NI 52-110. The HR and Compensation Committee recommends the compensation and benefits of the directors and executive officers of the Corporation to the Board and provides recommendations regarding the Corporation's overall general compensation structure, policies and programs.

Health, Safety and Environment

The Health, Safety and Environment Committee (“**HSE Committee**”) consists of Mr. Luft as Chair, Mr. Riecken and Mr. Berg, the majority of whom are independent directors within the meaning of NI 52-110. The HSE Committee is responsible for reviewing, reporting and making recommendations to the Board on the development and implementation of the policies, standards and practices of the Corporation (and its controlled subsidiaries) with respect to health, safety and environment.

Other Board Committees

In addition to the Audit Committee, the HR and Compensation Committee, the Corporate Governance and Nominating Committee and the HSE Committee, the Board formed a Technical & Corporate Development Advisory Committee that reports to the Board and consists of the Corporation's President and CEO and five outside independent experts. The mandate of the Technical & Corporate Development Advisory Committee is to evaluate the Corporation's existing artificial lift technologies as well as to evaluate new technologies and the commercialization thereof.

Assessments

On an annual basis and in preparation for the nomination of directors at the annual meeting of Shareholders, the Board conducts an informal assessment of the composition of the Board and the committees. This assessment includes a review of the corporate policies as well as the Board and committee charters.

In March 2021, the Corporate Governance and Nominating Committee coordinated, and the Board completed a formal annual evaluation process for fiscal 2020 to assess the effectiveness of the Board as a whole, including a general review of the committees of the Board and the contribution of individual directors. The results of the evaluation and recommendations relating thereto were discussed and considered by the Board in March 2021 and action items were addressed accordingly.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

None of the directors or executive officers or associates of such persons have been indebted to the Corporation or any of its subsidiaries at any time since the beginning of the most recently completed fiscal year. No such person has been indebted to any other entity where such indebtedness is the subject of a guarantee, support agreement, letter of credit or similar arrangement or understanding provided by the Corporation or any of its subsidiaries in respect of the purchase of securities or otherwise.

INTERESTS OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

Other than as set forth in this Circular, management of the Corporation is not aware of any material interest, direct or indirect, of any informed person or proposed director of the Corporation or any associate or affiliate of any such persons in any transaction since the commencement of the financial year ended December 31, 2020 or in any proposed transaction, which has materially affected or would materially affect the Corporation or any of its subsidiaries.

For the purposes of this Information Circular, an "**informed person**" means (i) a director or officer of the Corporation, (ii) a director or officer of a person or company that is itself an informed person, or (iii) any person or company who beneficially owns, directly or indirectly, and/or exercises control or direction over voting securities of the Corporation carrying more than 10% of the voting rights attaching to all outstanding voting securities of the Corporation.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

Other than as set forth herein, to the knowledge of the Board and management of the Corporation, no director, director nominee, or executive officer of the Corporation or anyone who has held office as such since the beginning of the last financial year of the Corporation or of any associate or affiliate of any of the foregoing has a material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted on at the Meeting, except as otherwise disclosed herein.

MANAGEMENT CONTRACTS

During the most recently completed financial year, no management functions of the Corporation were to any substantial degree performed by a person or company other than the directors or executive officers (or private companies controlled by them, either directly or indirectly) of the Corporation.

GENERAL

All matters referred to herein for approval by the Shareholders require a majority of the votes cast by Shareholders who are present in person or by proxy at the Meeting. The contents and the sending of this Circular have been approved by the Board.

OTHER MATTERS

As of the date of this Circular, the Board and management know of no amendment, variation or other matter to come before the Meeting other than the matters referred to in the notice of Meeting; however, if any other matter properly comes before the Meeting, proxies in favour of management nominees will be voted on such matter in accordance with the best judgment of the person or persons voting the proxy.

No Option shall be granted to any person except upon recommendation of the Board of Directors. A person who has been granted an Option may, if he is otherwise eligible and if permitted by the Exchange Policies, be granted an additional Option or Options if the Board of Directors shall so determine. Subject to the Exchange Policies, the Corporation shall represent that the Optionee is a *bona fide* Employee, Consultant or Management Company Employee (as such terms are defined in Exchange Policies) in respect of Options granted to such Optionees.

5. Participation

Participation in the Plan shall be entirely voluntary and any decision not to participate shall not affect an Optionee's relationship or employment with the Corporation.

Notwithstanding any express or implied term of this Plan or any Option to the contrary, the granting of an Option pursuant to this Plan shall in no way be construed as conferring on any Optionee any right with respect to continuance as a director, officer, employee or consultant of the Corporation or any subsidiary of the Corporation.

Options shall not be affected by any change of employment of the Optionee or by the Optionee ceasing to be a director, officer or full-time employee of or a consultant to the Corporation or any of its subsidiaries, where the Optionee at the same time becomes or continues to be a director, officer or full-time employee of or a consultant to the Corporation or any of its subsidiaries.

Options will not be granted to an officer, employee or consultant of the Corporation, unless such Participant is a *bona fide* officer, employee or consultant of the Corporation.

No Optionee shall have any of the rights of a shareholder of the Corporation in respect to Common Shares issuable on exercise of an Option until such Common Shares shall have been paid for in full and issued by the Corporation on exercise of the Option, pursuant to this Plan.

6. Shares Subject to Options

The number of authorized but unissued Common Shares that may be issued upon the exercise of Options granted under the Plan at any time plus the number of Common Shares reserved for issuance under all other Security Based Compensation Arrangements, including outstanding incentive stock options otherwise granted by the Corporation, shall not exceed 10% of the issued and outstanding Common Shares on a non-diluted basis at the time of any grant of Options, and such aggregate number of Common Shares shall automatically increase or decrease as the number of issued and outstanding Common Shares changes. Unless the Corporation receives the permission of the stock exchange or exchanges on which the Shares are listed to exceed such threshold, the Options granted under the Plan together with all of the Corporation's other previously established stock option plans or grants, shall not result at any time in:

- (a) the number of Common Shares issuable to insiders at any time pursuant to the Plan and all other Security Based Compensation Arrangements shall not exceed ten percent (10%) of the issued and outstanding Common Shares;
- (b) the number of Common Shares issued to insiders within a one (1) year period pursuant to the Plan and all other Security Based Compensation Arrangements shall not exceed ten percent (10%) of the issued and outstanding Common Shares; and
- (c) the number of Common Shares issuable within one (1) year pursuant to the Plan and all other established or proposed Security Based Compensation Arrangements, to any one insider and such insider's associates shall not exceed five percent (5%) of the outstanding Common Shares.

Subject to Exchange Policies, the aggregate number of Common Shares reserved for issuance to any one (1) Optionee under Options granted in any 12 month period shall not exceed 5% of the issued and outstanding Common Shares determined at the date of grant (or 2% of the issued and outstanding Common Shares in the case of an Optionee who is a Consultant (as such term is defined in Exchange Policies)).

Additionally, the aggregate number of Options which may be granted to all Persons retained to provide Investor Relations Activities (as such term is defined in the Exchange Policies) shall not exceed 2% of the issued and outstanding Common Shares.

Appropriate adjustments shall be made as set forth in Section 15 hereof, in both the number of Common Shares covered by individual grants and the total number of Common Shares authorized to be issued hereunder, to give effect to any relevant changes in the capitalization of the Corporation.

If any Option granted hereunder shall expire or terminate for any reason without having been exercised in full, the unpurchased Common Shares subject thereto shall again be available for the purpose of this Plan.

7. **Option Agreement**

A written agreement will be entered into between the Corporation and each Optionee to whom an Option is granted hereunder, which agreement will set out the number of Common Shares subject to option, the exercise price and any other terms and conditions approved by the Board of Directors, all in accordance with the provisions of this Plan (herein referred to as the "**Stock Option Agreement**"). The Stock Option Agreement will be in such form as the Board of Directors may, from time to time, approve and may contain such terms as may be considered necessary in order that the Option will comply with any provisions respecting Options in the income tax or other laws in force in any country or jurisdiction of which the Optionee may from time to time be a resident or citizen or the rules of any regulatory body having jurisdiction over the Corporation.

8. **Option Period and Exercise Price**

Except as set forth in Section 12 hereof, each Option and all rights thereunder shall be expressed to expire on the date set out in the respective Stock Option Agreement, which shall be the date of the expiry of the Option Period (the "**Expiry Date**"), subject to earlier termination as provided in Sections 10 and 11 hereof.

Subject to Exchange Policies and any limitations imposed by any relevant regulatory authority, the exercise price of an Option granted under the Plan shall be as determined by the Board of Directors when such Option is granted and shall be an amount at least equal to the Market Price of the Common Shares.

9. **Exercise of Options**

An Optionee shall be entitled to exercise an Option granted to him at any time prior to the expiry of the Option Period, subject to Sections 10 and 11 hereof, the tax withholding obligations set out below and to vesting limitations which may be imposed by the Board of Directors at the time such Option is granted. Subject to Exchange Policies, the Board of Directors may, in its sole discretion, determine the time during which an Option shall vest and the method of vesting, or that no vesting restriction shall exist.

In the event an Optionee has been retained to provide Investor Relations Activities (as defined in the Exchange Policies), the Options granted to such Optionee shall be subject to minimum vesting restrictions of at least 12 months and, in no event, shall more than one-quarter of such Options vest in any three month period.

The exercise of any Option will be conditional upon receipt by the Corporation at its head office of a written notice of exercise, specifying the number of Common Shares in respect of which the Option is being exercised, accompanied by cash payment, certified cheque or bank draft for the full purchase price of such Common Shares with respect to which the Option is being exercised.

Upon exercise of an Option, the Optionee will, upon notification of the amount due and prior to or concurrently with the delivery of the certificates representing the Common Shares, pay to the Corporation amounts necessary to satisfy applicable withholding tax requirements or will otherwise make arrangements satisfactory to the Corporation for such requirements. In order to implement this provision, the Corporation or any related corporation will have the right to retain and withhold from any payment of cash or Common Shares under this Plan the amount of taxes required to be withheld or otherwise deducted and paid in respect of such exercise. At the discretion of the Board of Directors, the Corporation may require an Optionee receiving Common Shares upon the exercise of an Option to reimburse the Corporation for any such taxes

required to be withheld by the Corporation and withhold any distribution to the Optionee in whole or in part until the Corporation is so reimbursed. In lieu thereof, the Corporation will have the right to withhold from any cash amount due or to become due from the Corporation to the Optionee an amount equal to such taxes.

Common Shares shall not be issued pursuant to the exercise of an Option unless the exercise of such Option and the issuance and delivery of such Common Shares pursuant thereto shall comply with all relevant provisions of applicable securities law, and the requirements of any stock exchange or consolidated stock price reporting system on which prices for the Common Shares are quoted at any given time. As a condition to the exercise of an Option, the Corporation may require the person exercising such Option to represent and warrant at the time of any such exercise that the Common Shares are being purchased only for investment and without any present intention to sell or distribute such Common Shares if, in the opinion of counsel for the Corporation, such a representation is required by law.

10. Ceasing to be a Director, Officer, Employee or Consultant

If an Optionee ceases to be a director, officer, employee or consultant of the Corporation or its subsidiaries for any reason other than death, the Optionee may, but only within ninety (90) days after the Optionee's ceasing to be a director, officer, employee or consultant (or 30 days in the case of an Optionee engaged in Investor Relations Activities) or prior to the expiry of the Option Period, whichever is earlier, exercise any Option held by the Optionee, but only to the extent that the Optionee was entitled to exercise the Option at the date of such cessation. For greater certainty, any Optionee who is deemed to be an employee of the Corporation pursuant to any medical or disability plan of the Corporation shall be deemed to be an employee for the purposes of the Plan.

11. Death of Optionee

In the event of the death of an Optionee, the Option previously granted to him shall be exercisable within one (1) year following the date of the death of the Optionee or prior to the expiry of the Option Period, whichever is earlier, and then only:

- (a) by the person or persons to whom the Optionee's rights under the Option shall pass by the Optionee's will or the laws of descent and distribution, or by the Optionee's legal personal representative; and
- (b) to the extent that the Optionee was entitled to exercise the Option at the date of the Optionee's death.

12. Blackout Periods

Notwithstanding anything else contained herein, if the expiration date for an Option occurs during a Blackout Period applicable to the relevant Optionee, or within 10 business days after the expiry of a Blackout Period applicable to the relevant Optionee, then the expiration date for that Option (the "**Blackout Expiry Date**") shall be the date that is the tenth business day after the expiry date of the Blackout Period. This Section 12 applies to all Options outstanding under this Plan. The Blackout Expiry Date for an Option may not be amended by the Board without the approval of the holders of Common Shares in accordance with Section 17 of the Plan.

13. Optionee's Rights Not Transferable

No right or interest of any Optionee in or under the Plan is assignable or transferable, in whole or in part, either directly or by operation of law or otherwise in any manner except by bequeath or the laws of descent and distribution, subject to the requirements of the Exchange, or as otherwise allowed by the Exchange. Subject to the foregoing, the terms of the Plan shall bind the Corporation and its successors and assigns, and each Optionee and his heirs, executors, administrators and personal representatives.

14. Takeover or Change of Control

The Board of Directors shall have the power, in the event of:

- (a) any disposition of all or substantially all of the assets of the Corporation, or the dissolution, merger, arrangement, reorganization, amalgamation or consolidation of the Corporation with or into any other corporation or of such corporation into the Corporation, or any similar transaction; or
- (b) any change in control of the Corporation,

to make such arrangements as it shall deem appropriate for the exercise of outstanding Options or continuance of outstanding Options, including without limitation, to amend any Stock Option Agreement to permit the exercise of any or all of the outstanding Options prior to the completion of any such transaction. If the Board of Directors shall exercise such power, the Option shall be deemed to have been amended to permit the exercise thereof in whole or in part by the Optionee at any time or from time to time as determined by the Board of Directors prior to the completion of such transaction.

15. Anti-Dilution of the Option

In the event of:

- (a) any subdivision, re-division or change of the Common Shares at any time during the term of the Option into a greater number of Common Shares, the Corporation shall deliver, at the time of any exercise thereafter of the Option, such number of Common Shares as would have resulted from such subdivision, re-division or change if the exercise of the Option had been made prior to the date of such subdivision, re-division or change;
- (b) any consolidation or change of the Common Shares at any time during the term of the Option into a lesser number of Common Shares, the number of Common Shares deliverable by the Corporation on any exercise thereafter of the Option shall be reduced to such number of Common Shares as would have resulted from such consolidation or change if the exercise of the Option had been made prior to the date of such consolidation or change;
- (c) any reclassification of the Common Shares at any time outstanding or change of the Common Shares into other shares, or in case of the consolidation, amalgamation or merger of the Corporation with or into any other corporation (other than a consolidation, amalgamation or merger which does not result in a reclassification of the outstanding Common Shares or a change of the Common Shares into other shares), or in case of any transfer of the undertaking or assets of the Corporation as an entirety or substantially as an entirety to another corporation, at any time during the term of the Option, the Optionee shall be entitled to receive, and shall accept, in lieu of the number of Common Shares to which he was theretofore entitled upon exercise of the Option, the kind and amount of shares and other securities or property which such holder would have been entitled to receive as a result of such reclassification, change, consolidation, amalgamation, merger or transfer if, on the effective date thereof, he had been the holder of the number of Common Shares to which he was entitled upon exercise of the Option.

Adjustments shall be made successively whenever any event referred to in this section shall occur. For greater certainty, the Optionee shall pay for the number of shares, other securities or property as aforesaid, the amount the Optionee would have paid if the Optionee had exercised the Option prior to the effective date of such subdivision, re-division, consolidation or change of the Common Shares or such reclassification, consolidation, amalgamation, merger or transfer, as the case may be.

16. Costs

The Corporation shall pay all costs of administering this Plan.

17. Termination and Amendment

Subject to the exceptions set out below, the Board of Directors may at any time or from time to time, in its sole discretion amend, suspend or terminate the Plan or any Stock Option Agreement, or any portion thereof, and may do so without shareholder approval, subject to those provisions of applicable law, if any, that require the approval of shareholders or any governmental regulatory body including the Exchange. Without limiting the generality of the foregoing, the Board of Directors of the Corporation may make the following types of amendments to the Plan or any Option Agreement without seeking shareholder approval:

- (a) amendments of a housekeeping nature including, without limiting the generality of the foregoing, any amendment for the purpose of curing any ambiguity, error or omission in the Plan or Option Agreement or to correct or supplement any provision of the Plan that is inconsistent with any provision of the Plan or Option Agreement;

- (f) amendments necessary to suspend or terminate Options, Option Agreements or the Plan in accordance with applicable law; and
- (g) any other amendment, whether fundamental or otherwise, not requiring shareholder approval under applicable law.

Shareholder approval will be required for the following types of amendments:

- (h) amendments to the number of Common Shares issuable under the Plan;
- (i) amendments that increase the percentage of Common Shares reserved for issuance and issuable to Insiders of the Corporation as set out in Sections 6(a), 6(b) or 6(c) hereof will require disinterested shareholder approval;
- (j) any amendment regarding the terms and conditions in respect of the Option Price of Options granted pursuant to the Plan, and in the case of a reduction of the Option Price of outstanding Options, disinterested shareholder approval will be required;
- (k) any amendment regarding the extension of the Expiry Date as set out in the applicable Option Agreement in respect of Options granted pursuant to the Plan;
- (l) any amendment that permits Options granted pursuant to the Plan to become transferrable or assignable, other than for normal estate planning purposes;
- (m) any amendment to the amendment provisions of the Plan as set out in this Section 17; and

- (n) amendments required to be approved by shareholders under applicable law (including, without limitation, the rules, regulations and policies of the Exchange).

The Chair shall develop and set the Committee's agenda, in consultation with other members of the Committee, the Board and management of the Corporation. The agenda and information concerning the business to be conducted at each Committee meeting shall, to the extent practicable, be communicated to the members of the Committee sufficiently in advance of each meeting to permit meaningful review.
