DIVERGENT Energy Services Announces the Release of 2022 Second Quarter Results

Symbol (DVG: TSX-V)

CALGARY, ALBERTA – August 11, 2022. **DIVERGENT Energy Services Corp.** (“Divergent”, the “Company”, or “DVG”) announces the release of its financial results for the three and six months ended June 30, 2022. All amounts are in thousands (000’s) of United States Dollars, unless otherwise noted.

HIGHLIGHTS FOR THE QUARTER

- The Company posted its ninth consecutive quarter of revenue growth earning \$3.1 million of revenue in the second quarter of 2022.
- Adjusted EBTIDA of \$359 thousand in the second quarter of 2022 represents the seventh consecutive quarter of positive adjusted EBITDA.
- Divergent’s balance sheet continues to strengthen with positive working capital of \$461 thousand.

INDUSTRY OUTLOOK

Divergent’s overall outlook for our services for the remainder of 2022 remains positive. Global demand for energy remains strong as the world's major economies continue to rely on petroleum products in everyday life. Macroeconomic factors including continued inflationary pressures, escalation of geopolitical tension, and the lifting of COVID-19 restrictions all point to continued strong commodity pricing through 2022. At these commodity price levels we anticipate generally robust oilfield service activity levels throughout the remainder of the year as our customers remain very positive on their current capital spending plans for the second half of 2022.

Our customer base in Wyoming is demonstrating a renewed urgency in returning wells to production and overall demand for services is increasing. While Divergent is working to increase its market share, it is constrained by supply chain delays and staffing availability. Attracting and retaining additional personnel continues to be a challenge across the industry making it much more difficult than in past upturns to supply additional crews. The Company’s customer base has indicated that it intends to continue their workover programs for the next 12 months at a pace which may exceed that experienced during the previous three quarters, barring interruptions due to weather, supply chain or labour limitations.

The positive commodity pricing trends the industry is currently experiencing is in part caused by a structural shortfall in supply which will be difficult for the industry to overcome for some time. As a result, the demand for energy services and the ability for the sector to improve over the next few years is seen as highly likely. In this environment the Company intends to seek and evaluate strategic growth opportunities to both diversify its product offerings and drive continuous margin improvements.

FORWARD LOOKING STATEMENTS

This press release contains forward-looking statements, including, without limitation, statements pertaining to anticipated future operational activity levels of Divergent and of a majority of its customers, and statements pertaining to interest payments on the Company's debentures. All statements included herein, other than statements of historical fact, are forward-looking information and such information involves various risks and uncertainties, including: the risk that the anticipated slowdown in sales and service of submersible pumps by Divergent's customers lasts longer than expected or impacts Divergent's revenues more severely than expected, the risk that the COVID-19 pandemic and the low oil and gas price environment cause additional negative effects on Divergent's business, the risk that the suspension of trading of the Company's common shares by the TSXV cannot be lifted in a timely manner or at all, and the risk that the Company cannot remedy the outstanding interest payments under the terms of its debenture indenture in a timely manner or at all. There can be no assurance that such information will prove to be accurate, and actual results and future events could differ materially from those anticipated in such information. A description of assumptions used to develop such forward-looking information and a description of risk factors that may cause actual results to differ materially from forward-looking information can be found in the Company's disclosure documents on the SEDAR website at www.sedar.com. Forward-looking statements are based on estimates and opinions of management of the Company at the time the information is presented, including expectations provided to Divergent by its customers. The Company may, as considered necessary in the circumstances, update or revise such forward-looking statements, whether as a result of new information, future events or otherwise, but the Company undertakes no obligation to update or revise any forward-looking statements, except as required by applicable securities laws.

This press release contains financial outlook information ("FOFI") about prospective revenue reductions, which are subject to the same assumptions, risk factors, limitations, and qualifications as set forth in the above paragraphs. FOFI contained in this press release was made as of the date hereof and was provided for the purpose of providing an update regarding an anticipated material reduction in near-term revenue. Divergent disclaims any intention or obligation to update or revise any FOFI contained in this press release, whether as a result of new information, future events or otherwise, unless required pursuant to applicable law. Readers are cautioned that the FOFI contained in this press release should not be used for purposes other than for which it is disclosed herein.

Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
